GID0090001	DPG	Aam Digital	Open Software	Germany	Aam Digital GmbH	GPL-3.0	https://github.com/Aam-Digital/ndb-core	Easy-to-use case management software for the social sector that improves the effectiveness and transparency of work with beneficiaries. The offline-first web app is tailored to be used by NGOs anywhere in the world.	01,03,04,05,08,10,16	X		X	X	X			X		X						X		https://app.digitalpublicgoods.net/storage/images/aam-digital.png
GID0090002	DPG	Accessible Kazakhstan	Open Software	Kazakhstan	Public fund "Tandau Foundation"	Apache-2.0	https://github.com/qlt2020/doskaz	It is a model of an online map with information on accessibility of public facilities that enables people with limited mobility to navigate the public space.	11											X							https://app.digitalpublicgoods.net/storage/images/accessible-kazakhstan.svg
GID0090003	DPG	AccessMod	Open Software	Switzerland	University of Geneva, GeoHealth group	LGPL-3.0	https://github.com/unige-geohealth/accessmod	AccessMod is a free, open-source, standalone software to model physically accessibility to health services, to account for shortage of capacity in these services (human or equipment), to measure referral times and distances between health services, and to increase population coverage through scaling up analyses.	03			X															https://app.digitalpublicgoods.net/storage/images/accessmod.png
GID0090695	DPG	Advocacy Training for Community Health Workers	Open Content	United States of America	Community Health Impact Coalition and Digital Medic, an initiative of the Stanford Center for Health Education	CC-BY-NC-SA-4.0	https://show.pics.io/chw-advocacy/search?collectionIds=623b78588e4d9800135c4ca2	A free digital training that equips Community Health Workers (CHWs) with the skills to effectively share their personal stories and promote the health issues most important to their communities.	03,08			X					X										https://app.digitalpublicgoods.net/storage/images/advocacy-training-for-community-health-workers.jpg
GID0090137	DPG	African Storybook	Open Content	South Africa	Saide	CC-BY-4.0	https://github.com/global-asp/global-asp	Provides open access to picture storybooks in the languages of Africa for children's literacy, enjoyment and imagination.	04				X														https://app.digitalpublicgoods.net/storage/images/african-storybook.png
GID0091566	DPG	AGRIS Open Data Set	Open Data	Italy	Food and Agriculture Organization of the United Nations (FAO)	CC-BY-4.0	https://data.apps.fao.org/catalog/dcat/agris	The AGRIS Open Data Set is the Open Data serialization of a big subset of the AGRIS database, one of the most comprehensive catalogs of food and agricultural scientific literature providing free access to more than 13,000,000 bibliographic records in more than 100 languages.	01,02,12,15	X	X										X			X			https://app.digitalpublicgoods.net/storage/images/agris-open-data-set.png
GID0090967	DPG	Agrontology	Open Data	Italy	Food and Agriculture Organization of the United Nations (FAO)	CC-BY-4.0	http://aims.fao.org/aos/agrontology	Agrontology is a description vocabulary defined in the Web Ontology Language (OWL) providing a set of domain-specific properties for agri-food concepts. It is used for instance in the AGROVOC thesaurus to express domain-specific relations between concepts.	01,02,05,06,12,14,15	X	X			X	X						X		X	X			https://app.digitalpublicgoods.net/storage/images/agrontology.png
GID0090939	DPG	AGROVOC Multilingual Thesaurus	Open Data	Italy	Food and Agriculture Organization of the United Nations (FAO)	CC-BY-4.0	https://data.apps.fao.org/catalog/organization/agrovoc	AGROVOC is a thesaurus of 41,000+ agricultural concepts and relationships in up to 42 languages, available for public use to facilitate access and interoperability of data across institutions and languages. It is maintained by several institutions coordinated by FAO.	01,02,05,06,12,14,15,17	X	X			X	X						X		X	X		X	https://app.digitalpublicgoods.net/storage/images/agrovoc-multilingual-thesaurus.png
GID0090346	DPG	Aid Management Platform	Open Software	United States of America	Development Gateway, Inc	GPL-3.0	https://github.com/devgateway/amp	AMP helps governments and development partners gather, access, and monitor information on development activities, with the goal of increasing aid effectiveness.	16																X		https://app.digitalpublicgoods.net/storage/images/aid-management-platform.png
GID0090005	DPG	Altinn	Open Software	Norway	Norwegian Digitalisation Agency	BSD-3-Clause	https://github.com/Altinn/altinn-studio	Altinn is a platform for digital dialogue between businesses, private individuals and public agencies. Altinn is also a platform that government bodies can use to develop and host digital services.	16																X		https://app.digitalpublicgoods.net/storage/images/altinn.svg
GID0090186	DPG	Android FHIR SDK	Open Software	United States of America	Google	Apache-2.0	https://github.com/google/android-fhir	The Android FHIR SDK is a set of Kotlin libraries for building offline-capable, mobile-first healthcare applications using the HL7 $^7_3$ FHIR $^7_3$ standard on Android.	03			X															https://app.digitalpublicgoods.net/storage/images/android-fhir-sdk.png
GID0090006	DPG	Apache Fineract	Open Software	United States of America	Apache Software Foundation	Apache-2.0	https://github.com/apache/fineract	Fineract provides a reliable, robust, and affordable solution for entrepreneurs, financial institutions, and service providers to offer financial services to the world's 3 billion underbanked and unbanked.	01,16,17	X															X	X	https://app.digitalpublicgoods.net/storage/images/apache-fineract.png
GID0090953	DPG	Avni	Open Software	India	Samanvay Foundation	AGPL-3.0	https://github.com/avniproject/	Community service and data collection platform on any domain - Health, Education, Sanitation, Water, Waste, Agriculture, Social Security	03,04,06			X	X		X												https://app.digitalpublicgoods.net/storage/images/avni.png
GID0090009	DPG	Bahmni	Open Software	India	Bahmni	AGPL-3.0	https://github.com/Bahmni/bahmni-core	Open Source Comprehensive Electronic Medical Record and Information Management System built on top of OpenMRS, OpenELIS, Dcm4chee and Odoo for clinics and hospitals, designed for low resource environments.	03,10			X							X								https://app.digitalpublicgoods.net/storage/images/bahmni.png
GID0090946	DPG	Bebbo Parenting App	Open Software	Serbia	UNICEF	GPL-3.0	https://github.com/UNICEFECAR/parenting-app-bebbo-mobile/	Bebbo is an open-source mobile parenting app that empowers parents of 0-6 year-olds with interactive tools to track child development, provides evidence-based insights, stimulating learning activities, and self-care guidance.	02,03,04,05		X	X	X	X													https://app.digitalpublicgoods.net/storage/images/bebbo-parenting-app.png
GID0090010	DPG	Bisa Health	Open Software	Ghana	Bisa Health	MIT	https://github.com/BisaMhealth/BisApp	Bisa is a health application that allows the public to receive health information and communicate with doctors.	03,17			X														X	https://app.digitalpublicgoods.net/storage/images/bisa-health.jpg
GID0090011	DPG	Boxtribute	Open Software	Netherlands	Boxtribute	Apache-2.0	https://github.com/boxwise/boxtribute	An open-source digital system making it easy to rapidly and collaboratively source, store & distribute humanitarian aid to people in need in a fair and dignified way.	01,12,17	X											X					X	https://app.digitalpublicgoods.net/storage/images/boxtribute.png
GID0090019	DPG	Care	Open Healthcare Network	Open Software	India	Open Healthcare Network	MIT	https://github.com/coronasafe/care	CARE is a transformative healthcare management system, centralizing patient and capacity management across hospitals. Empowering administrators and healthcare professionals with real-time data for better decision-making, CARE is reshaping healthcare delivery.	03			X															https://app.digitalpublicgoods.net/storage/images/care.png
GID0090012	DPG	Cboard	Open Software	Argentina	ottaa project	GPL-3.0	https://github.com/cboard-org/cboard	Cboard is an Augmentative and Alternative Communication (AAC) web app for children and adults with speech and language impairments, aiding communication with symbols and text-to-speech.	03,04,10			X	X						X								https://app.digitalpublicgoods.net/storage/images/cboard.png
GID0090952	DPG	cfr	Open Software	United Kingdom	Epiverse-TRACE; Pratik Gupte	MIT	https://epiverse-trace.github.io/cfr/	R package to estimate disease severity and under-reporting in real-time, accounting for reporting delays in epidemic-time-series	03,17			X														X	https://app.digitalpublicgoods.net/storage/images/
GID0091140	DPG	Chamilo	Open Software	Belgium	Chamilo Association	GPL-3.0	https://github.com/chamilo/chamilo-lms	Chamilo is an Open Source Learning Management System that vows to help increase the availability of quality education around the world. Its main focus is to be easy to use, as we believe this solves the most complicated part of providing education through a computers.	04				X														https://app.digitalpublicgoods.net/storage/images/chamilo.png
GID0090151	DPG	Cider	Open Software	United States of America	Regents of the University of California.	BSD-2-Clause	https://github.com/Global-Policy-Lab/cider	Cider is a set of software tools for estimating the poverty status of individuals and households using mobile phone data, for use in the targeting and delivery of humanitarian aid.	01	X																	https://app.digitalpublicgoods.net/storage/images/cider.png
GID0090672	DPG	CIEL terminology	Open Content	United States of America	Columbia Department of Biomedical Informatics	CC-BY-4.0	www.CIELterminology.org	CIEL terminology is an open source clinical interface terminology mapped to multiple standard code systems such as ICD, SNOMED CT, LOINC, RxNORM that ensures health information systems can collect, normalize and analyze/report high quality health information.	03,10			X							X								https://app.digitalpublicgoods.net/storage/images/
GID0090321	DPG	CityLearn	Open AI System	United States of America	Jose Ramon Vazquez-Canteli, Kingsley Nweye, Zoltan Nagy	MIT	https://github.com/intelligent-environments-lab/CityLearn	CityLearn is an open source OpenAI Gym environment for the implementation of advanced control systems, e.g., MPC, and Multi-Agent Reinforcement Learning (RL) for building energy coordination and demand response in several buildings. CityLearn allows easy implementation agents in a multi-agent setting to reshape their aggregated curve of electrical demand.	07,11,13							X				X		X					https://app.digitalpublicgoods.net/storage/images/citylearn.png
GID0090527	DPG	CKAN	Open Software	United Kingdom	Open Knowledge Foundation	AGPL-3.0	https://github.com/ckan/ckan	CKAN is an Open Source Data Management System to build Data Portals. Trusted by hundreds of portals across the world and supported by an active community, it focuses on extensibility and integration with other tools.	01,04,07,08,09,10,11,13,16	X			X			X	X	X	X	X		X			X		https://app.digitalpublicgoods.net/storage/images/ckan.png
GID0090192	DPG	Code Your Future	Open Content	United Kingdom	Code Your Future	CC0-1.0,CC-BY-SA-4.0	https://github.com/CodeYourFuture/curriculum	A free collaboratively developed open source software development programme, with tracks in product, web development, and systems engineering	04,05,08,10				X	X			X		X								https://app.digitalpublicgoods.net/storage/images/code-your-future.png
GID0091139	DPG	CodiTeach	Open Software	Kazakhstan	CodiPlay founder (Zhanadil Taldybayev)	BSD-3-Clause	https://github.com/codiplaykz/coditeach	CodiTeach is an innovative web platform for teachers that streamlines account management for schools, classes, and students. Platform provides a royalty-free alternative to costly educational platforms for underfunded schools in impoverished developing countries.	04,17				X													X	https://app.digitalpublicgoods.net/storage/images/coditeach.png
GID0090016	DPG	CommCare	Open Software	United States of America	Dimagi	BSD-3-Clause	https://github.com/dimagi/commcare-hq	CommCare is the digital platform for impactful frontline work everywhere. The most widely-deployed and evidence-based platform for enabling Frontline Workers, CommCare empowers organizations to build their own digital solutions to better deliver services and collect data.	01,02,03,04,10,11	X	X	X	X						X	X							https://app.digitalpublicgoods.net/storage/images/commcare.png
GID0090017	DPG	Community Health Toolkit	Open Software	Kenya	Medic Mobile, Inc.	AGPL-3.0	https://github.com/medic/cht-core	The CHT is a license-free, open-source digital health platform that includes a collection of software frameworks and applications, open-access resources, and a dynamic community of practice to help partners design, own, and scale electronic community health information systems.	03,05,17			X		X												X	https://app.digitalpublicgoods.net/storage/images/community-health-toolkit.png
GID0090367	DPG	Connect For Life	Open Software	Belgium	Janssen Pharmaceutica NV. (A company of Johnson & Johnson)	MPL-2.0	https://github.com/johnsonandjohnson/openmrs-distro-cfl	Connect for Life is a communication platform built on OpenMRS. The platform engages with patients remotely and provides continuity of care with proven implementation feasibility in HIV, TB, and COVID-19 case surveillance and vaccination programs.	03			X															https://app.digitalpublicgoods.net/storage/images/connect-for-life.jpg
GID0090229	DPG	Consul Democracy	Open Software	Spain	The original author of the software is the Madrid City Council. The Consul Democracy Foundation is the owner and maintainer of the main international GitHub repository used by all cities using the software worldwide.	AGPL-3.0	github.com/consul/consul	Consul Democracy is a complete citizen participation tool for an open, transparent, and democratic government. This tool is free, secure, open-source, and easy to use, reflecting public values at its core so that all governments can take the first steps toward digital citizen participation.	16																X		https://app.digitalpublicgoods.net/storage/images/consul-democracy.png
GID0090995	DPG	Convexity Humanitarian Aid Transfer Solution (CHATS)	Open Software	Nigeria	Convexity Technologies Limited	AGPL-3.0	https://github.com/ConvexityTeam	CHATS is geared towards aiding the transparent distribution of conditional and unconditional cash voucher assistance to vulnerable beneficiaries. The platform aims to fight against fraudulent practices and give the donors visibility and certainty of funds reaching the desired ta.	02,03,08		X	X					X										https://app.digitalpublicgoods.net/storage/images/convexity-humanitarian-aid-transfer-solution-chats.svg
GID0090020	DPG	cQube	Open Software	India	EkStep Foundation	MIT	https://github.com/Sunbird-cQube/cQube_Base	cQube is an open-source platform for data-based insights. It allows for aggregated data to be visualized in a simple fashion, leading to insights and action. It provides flexibility and ease of use in creating dashboards, enabling business user to derive insights.	04				X														https://app.digitalpublicgoods.net/storage/images/cqube.jpg
GID0091413	DPG	Creative Commons Legal Tools	Open Content	United States of America	Creative Commons	CC-BY-4.0,CC0-1.0,MIT	https://github.com/creativecommons/cc-legal-tools-app/	CC legal tools enable the sharing and use of DPGs via standard, international open copyright licenses. CC stewards its open licenses and public domain tools to give every person and organization in the world a free, simple way to share their work in the commons.	04,09,10,16,17				X					X	X						X	X	https://app.digitalpublicgoods.net/storage/images/creative-commons-legal-tools.png
GID0090802	DPG	CREDEBL	Open Software	India	Blockster Labs Private Limited	Apache-2.0	https://github.com/credebl	The CREDEBL platform helps Governments and private entities implement a digital, foundational identity issuance and verification solution in a cost effective way by leveraging W3C Standards.	08,09,10,17								X	X	X							X	https://app.digitalpublicgoods.net/storage/images/credebl.png
GID0090906	DPG	Crosscut	Open Data	United States of America	Crosscut	CC0-1.0	https://app.crosscut.io/catchment-jobs?demo=true	The Crosscut App lets users access open data including catchment area maps, microplan tables that estimate population, and supply plan tables that can be used to plan Global Health campaigns.	03,10			X							X								https://app.digitalpublicgoods.net/storage/images/crosscut.svg
GID0090949	DPG	Dalgo	Open Software	India	Project Tech4Dev	AGPL-3.0	https://github.com/DalgoT4D/	Dalgo is an open-source data platform for the social sector which enables organisations to learn from and represent their impact effectively by automating data flow and data management processes.	03,04,06,08,09			X	X		X		X	X									https://app.digitalpublicgoods.net/storage/images/dalgo.svg
GID0090210	DPG	Data exchange agreement protocol suit for auditable, privacy-with respecting data transactions in dataspaces	Open Software	Sweden	iGrant.io, Sweden (LCubed AB)	Apache-2.0	https://github.com/decentralised-dataexchange/	DEXA protocol is key for developing and deploying trustworthy, human-centric decentralised data applications (dApps) across domains using data intermediation services within dataspaces.	09,11									X		X							https://app.digitalpublicgoods.net/storage/images/provenance-services-with-smart-data-agreements-using-data-exchange-protocols.png
GID0090209	DPG	Data Observation Toolkit	Open Software	United States of America	DataKind	MIT	https://github.com/datakind/Data-Observation-Toolkit	DOT is a toolkit that can be used to monitor data as it's collected and enters a database to flag problems with data integrity, data quality, protocols, outliers and other scenarios that might need attention	03			X															https://app.digitalpublicgoods.net/storage/images/data-observation-toolkit.png
GID0090904	DPG	Data to Policy Navigator	Open Content	United States of America	United Nations Development Programme	CC-BY-NC-SA-3.0	https://www.datatopolicy.org/	The Data to Policy Navigator is designed to assist government executives and policymakers in grasping the fundamentals of data-driven decision-making. It provides a step-by-step guide and a range of practical examples from across the globe on how to integrate data into policy.	10,17										X							X	https://app.digitalpublicgoods.net/storage/images/data-to-policy-navigator.png

GID	Type	Name	Category	Country	Organization	License	URL	Description	SDG
GID0090293	DPG	Decidim	Open Software	Spain	Decidim Free Software Association	AGPL-3.0	https://github.com/decidim/decidim	Decidim is a digital platform for citizen participation	10
GID0090256	DPG	Deon	Open Software	United States of America	DrivenData	MIT	https://github.com/drivendataorg/deon	Deon is a command line tool that allows you to easily add an ethics checklist to your data science projects. We support creating a new, standalone checklist file or appending a checklist to an existing analysis in many common formats.	10
GID0090129	DPG	DHIS2	Open Software	Norway	HISP Centre, University of Oslo	BSD-3-Clause	https://github.com/dhis2/dhis2-core	DHIS2 is a free, open-source, fully customizable platform for collecting, analyzing, visualizing, and sharing aggregate and individual-data for district-level, national, regional, and international system and program management in health, education, and other domains.	03,04,13,17
GID0090023	DPG	DiCRA	Open Software	India	United Nations Development Programme	MIT	https://github.com/undpindia/dicra	Data in Climate Resilient Agriculture (DiCRA) is a collaborative geospatial platform which provides open access to key geospatial datasets pertinent to climate resilient agriculture. These datasets are curated and validated through collaborative efforts of a large community of data scientists and citizen scientists across the world. The pattern detection and data insights emerging from DiCRA are aimed towards strengthening evidence-driven policy making for climate resilient food systems.	13
GID0090024	DPG	DIGIT	Open Software	India	eGovernments Foundation	MIT	https://github.com/egovernments/DIGIT-OSS	DIGIT is an open-source, configurable, extendable, modular, digital infrastructure that enables local governments to deliver municipal services to citizens in an efficient, inclusive, and transparent manner.	09,11,17
GID0091430	DPG	Digital Impact Exchange	Open Software	United States of America	Digital Impact Alliance	AGPL-3.0	https://gitlab.com/dial/digital-impact-exchange	This is an interactive, multitenant online platform designed to simplify the discovery and evaluation of digital options. It serves as a comprehensive resource for people working to track their digital footprint by providing a catalog, a marketplace, and a resource library.	09,10,17
GID0091578	DPG	DKAN	Open Software	United States of America	CivicActions	GPL-2.0	https://github.com/GetDKAN/dkan	DKAN is a powerful, community-driven open data platform. As a Drupal module, DKAN leverages Drupal's robust features to create modern, standards-focused, and API-first open data catalogs for a variety of specific use cases.	09,16
GID0090692	DPG	Doptor Open Data	Open Data	Bangladesh	Aspire to Innovate (a2i) Programme (A Multinational Digital Transformation Catalyst from the Government of Bangladesh)	CC-BY-4.0	https://dpgdata.doptor.gov.bd/documentation/v1	Doptor Open Data aims to bring all the eServices owned by the Government of Bangladesh in a single platform. Doptor Open Data works as a middleware to serve all the government officials and offices with authentication and the most secure way. The concept of one id for one government office & official to access all the eService is implemented by Doptor Open Data Platform. This platform has the integration process to share the core data with other eServices.	16,17
GID0090440	DPG	Drupal	Open Software	Belgium	Drupal Association, 501c3 and Dries Buytaert, Drupal Founder.	GPL-2.0	https://git.drupalcode.org	Drupal is an open source content management system powering ambitious digital experiences across government, higher-ed, non-profit, and other sectors for more than 20 years.	08,10,17
GID0090217	DPG	E-Heza	Open Software	United States of America	TIP Global Health	Apache-2.0	https://github.com/TIP-Global-Health/eheza-app	E-Heza Data Solutions is a digital health platform designed by and for frontline health workers that serves the entire primary care ecosystem of health centers and CHWs in East Africa.	02,03,05,08
GID0090027	DPG	Eco-Index Biodiversity Dashboards	Open Software	New Zealand	Eco-Index	GPL-3.0	https://github.com/eco-index/ecoindex-stack	Digital dashboards and related tools help users to monitor and set goals around biodiversity levels.	15
GID0090492	DPG	ekShop Marketplace	Open Software	Bangladesh	Aspire to Innovate (a2i) Programme (A Multinational Digital Transformation Catalyst from the Government of Bangladesh)	Apache-2.0	https://github.com/a2i-dpg/ekShop	ekShop marketplace is a robust and adaptable eCommerce platform that is free and open-source. It is designed to cater to the needs of any potential entrepreneur who wants to set up an online store quickly and efficiently. With its customizable and configurable features, ekShop can be tailored to suit your specific requirements.	01,08,09,10,12
GID0090767	DPG	Energy Access Explorer	Open Software	United States of America	World Resources Institute	MIT	https://github.com/energyaccessexplorer	The first, open-source, online and interactive geospatial platform that enables energy planners, clean energy entrepreneurs, donors, and development institutions to identify high-priority areas for energy access interventions. EAE functions also as a dynamic information system, reducing software engineering and data transaction costs for both data providers and users and facilitating data management and governance.	07
GID0091036	DPG	Ersilia Model Hub	Open Software	United Kingdom	Ersilia Open Source Initiative	GPL-3.0	https://github.com/ersilia-os/ersilia	The Ersilia Model Hub is the only open-source platform serving ready-to-use AI models to accelerate the discovery of new treatments for infectious diseases which affect predominantly the Global South.	03,04,17
GID0090284	DPG	Everwell Hub	Open Software	India	Everwell Health Solutions Pvt. Ltd.	MIT	https://gitlab.com/everwell/hub-foss	The Everwell Hub is a best in-class patient management platform designed for high-burden public healthcare programs globally. The Everwell Hub supports the entire digital cascade of care from diagnosis through treatment support and completion, including fully integrated modules for diagnostics (both lab generated results and AI diagnostic solutions), digital adherence technologies, virtual care and patient engagement, and digital payments.	03
GID0091175	DPG	FAO Agricultural Stress Index System	Open Data	Italy	Food and Agriculture Organization of the United Nations	CC-BY-NC-SA-3.0	https://www.fao.org/giews/earthobservation/access.jsp?lang=en	The Agricultural Stress Index System (ASIS) monitors agricultural areas with a high likelihood of water stress/drought at global, regional and country level, using satellite technology.	01,02,13
GID0090029	DPG	FAO Digital Services Portfolio	Open Content	Italy	FAO	CC-BY-NC-SA-3.0	https://digital.apps.fao.org	FAO Digital Services Portfolio offers access to useful data, information, maps, and statistics on food and agriculture to achieve food security. AgriMarketplace - gives farmers the opportunity to know the approximate prices of each product in the surrounding markets, as well as the routes to reach them. E-Nutrifood - provides users with information on farm production and conservation techniques, as well as on their value and nutritional value. Livestock - provides real-time information on the control of animal diseases and epidemics and gives advice on how to optimize livestock feed. Weather and Crop Calendar - offers reliable weather forecasts, combined with an alert system that allows users to adjust their schedule and production activities based on meteorological data.	01,05,10,17
GID0091388	DPG	FAOLEX	Open Content	Italy	FAO	CC-BY-NC-SA-3.0	https://www.fao.org/faolex/en/	FAOLEX is a comprehensive and up-to-date legislative and policy database of national and regional laws, regulations and policies on food, agriculture and natural resources management.	05,12,14,15
GID0090033	DPG	farmOS	Open Software	United States of America	farmOS	GPL-2.0	https://github.com/farmOS	farmOS is a web-based application for farm management, planning, and record keeping.	02,12,13
GID0090035	DPG	Fedora Linux	Open Software	United States of America	Fedora Project	0BSD	https://src.fedoraproject.org/	A complete free and open source operating system for laptops, desktops, servers, devices, clouds, and containers	08
GID0090623	DPG	Feluda	Open Software	India	Tattle Civic Tech	GPL-3.0	https://github.com/tattle-made/feluda	Feluda is a configurable engine for analysing multi-lingual and multi-modal content. While flexible, it is built it to analyse data collected from social media - images,text and video. It is configurable to allow for different use cases such as finding trends and narratives in social media across languages, and surfacing fact checked content corresponding to the image and video.	16,17
GID0090494	DPG	finalsize	Open Software		Epiverse-TRACE	MIT	https://github.com/epiverse-trace/finalsize	finalsize is an R package that provides estimates for the total proportion of a population infected over the course of an epidemic, and can account for a demographic distribution, demography-specific contact patterns,and heterogeneous susceptibility to infection between groups.	03,17
GID0090552	DPG	FormSG	Open Software	Singapore	Open Government Products, Government Technology Agency of Singapore	MIT	https://github.com/opengovsg/FormSG	FormSG is a form builder tool that enables public officers to instantly create customisable forms with zero code or cost, to safely collect classified and sensitive data.	16
GID0090514	DPG	FUSS - Free Upgrade for a digitally Sustainable School	Open Software	Italy	Provincia Autonoma di Bolzano (public administration)	AGPL-3.0	https://gitlab.fuss.bz.it/fuss	FUSS is a complete GNU/Linux solution based on Debian and around 200 educational software packages for schools. It is a project that allows students and teachers to use at home the same tools installed at school, freely and without any cost to families.	04,09
GID0090228	DPG	GeoPrism Registry	Open Software	United States of America	TerraFrame, Inc.	LGPL-3.0	https://github.com/terraframe/geoprism-registry	GeoPrism Registry allows for the simultaneous hosting, management, regular update, and sharing of master lists, associated hierarchies, and geospatial data for the geographic objects core to sustainable development including public health, education, agriculture, infrastructure, and other public and private services.	03,13,16
GID0090038	DPG	Glific	Open Software	India	Project Tech4Dev	AGPL-3.0	https://github.com/glific/	ENABLING IMPACT AT SCALE - Our WhatsApp chatbot enables you to reach the right person at the right time with the right information.	03,04,11,17
GID0090039	DPG	Global Healthsites Mapping Project	Open Data	United Kingdom	Open Healthsite Consulting	BSD-3-Clause,ODbL-1.0	https://healthsites.io/map	healthsites.io is building a baseline of health facility data by making OpenStreetMap useful to the medical community and humanitarian sector.	03
GID0090145	DPG	Global Human Settlement Layer	Open Data	Italy	European Commission	CC-BY-4.0	https://ghsl.jrc.ec.europa.eu/download.php	GHSL provides analysis ready, global, geospatial data reporting about the presence of population and human settlements.	01,02,03,04,11,15
GID0090040	DPG	Global Open Facility Registry	Open Software	United States of America	IntraHealth International	Apache-2.0	https://github.com/intrahealth/gofr	GOFR is an open source federated facility registry platform for reconciling multiple facility lists and managing a primary list	03
GID0090041	DPG	GlobaLeaks	Open Software	Italy	GlobaLeaks	AGPL-3.0	https://github.com/globaleaks/GlobaLeaks	GlobaLeaks is free, open source software enabling anyone to easily set up and maintain a secure whistleblowing platform	10
GID0090042	DPG	GNU Health	Open Software	Spain	GNU Solidario	GPL-3.0	https://hg.savannah.gnu.org/hgweb/health/	GNU Health is a free/libre ecosystem for Health practitioners, Hospitals and nationwide Health systems. The GNU Health project provides the tools for individuals, health professionals, institutions and governments to proactively assess and improve the underlying determinants of health, from the socioeconomic agents to the molecular basis of disease. From primary health care to precision medicine.	03,11
GID0091359	DPG	Go.Data	Open Software	Switzerland	World Health Organization (WHO)	GPL-3.0	https://github.com/WorldHealthOrganization/godata	Go.Data is an open-source platform for outbreak response and contact tracing developed by WHO in collaboration with GOARN partners. It streamlines all aspects of outbreak response and is highly versatile with customizable configurations for different scenarios.	03,06,08,11
GID0090043	DPG	Govdirectory	Open Data		Govdirectory	CC0-1.0	https://github.com/govdirectory/website	A crowdsourced and fact-checked directory of official governmental online accounts and services. The easiest way to contact your government.	16
GID0090502	DPG	Grievance Redress System (GRS)	Open Software	Bangladesh	Aspire to Innovate (a2i) Programme (A Multinational Digital Transformation Catalyst from the Government of Bangladesh)	Apache-2.0	https://github.com/GRS-DPG	Grievance Redress System (GRS) is recognized worldwide as one of the enabling factors for organizations to be efficient, effective, and people-oriented. A functional platform for receiving people要冇 complaints or grievances facilitates administrators to improve their service delivery systems, thereby improving governance in general.	05,10,16
GID0090044	DPG	Hand-in-Hand Geospatial Platform	Open Data	Italy	FAO	CC-BY-NC-SA-3.0	https://data.apps.fao.org	The Platform is a supporting tool for the Hand-in-Hand (HiH) Initiative to accelerate the SDGs, using advanced geo-spatial modeling and analytics to identify the biggest opportunities to raise the incomes and reduce the inequities and vulnerabilities of rural populations.	01,02,05,09,17
GID0090045	DPG	Harmony	Open Software	United States of America	Zenysis Technologies Inc.	AGPL-3.0	https://github.com/Zenysis/Harmony	Harmony is an open-source, end-to-end data integration and advanced analytics platform for integrating, harmonizing, analyzing, and visualizing any number of structured data sources from different sectors (e.g. health, education, agriculture, sustainable development, climate change adaptation), ranging from routinely collected individual level data to operational research and survey data.	01,03,05,06,08,17
GID0090979	DPG	HCW@Home	Open Software	Switzerland	Iabsis SARL	GPL-3.0	https://github.com/hcw-home/	HCW@Home is a scalable, institution-level secure teleconsultation system for typical telemedicine scenarios, achieved through close collaboration with healthcare professionals. It is fully open-source and offers integrated features for chat, audio, and video calls using WebRTC.	03
GID0090161	DPG	HIV Support web application	Open Software	Romania	Commit Global	MPL-2.0	https://github.com/commitglobal/hiv-support	HIV Support is a case manager dedicated to support CSOs who receive help requests from refugees with HIV who seek help to continue treatment and to access other services relevant for their condition.	03

GID0090077	DPG	OpenCRVS	Open Software	United Kingdom		opencrvs.org	MPL-2.0	https://github.com/opencrvs/opencrvs-core	OpenCRVS is a user-friendly, open-source platform designed to make civil registration accessible and effective for everyone. It supports the complete process of registering vital events, such as births and deaths, while ensuring offline functionality for remote areas, robust data security, and adherence to global CRVS standards. Tailored for low- and middle-income countries, OpenCRVS is user-centric, inclusive, and enables governments to provide legal identity for all, improve access to essential services, and generate vital statistics for policy-making.	16,17
GID0090750	DPG	OpenELIS Global	Open Software	United States of America	The University of Washington (steward)		MPL-2.0	https://github.com/I-TECH-UW/OpenELIS-Global-2	OpenELIS Global is open enterprise-level laboratory information system software tailored for public health laboratories. OpenELIS is used at a national scale in a variety of settings, from small general hospital labs, all the way up to national reference labs, and all sizes in between.	03
GID0090257	DPG	OpenEyes	Open Software	United Kingdom	Apperta Foundation CIC		AGPL-3.0	https://github.com/AppertaFoundation/openeyes	OpenEyes is the leading open source electronic patient record (EPR) for ophthalmology. It has been designed by clinicians to be fast in delivering content, fast to navigate and easy (and fun) to use.	03
GID0090277	DPG	OpenFisca	Open Software	France	OpenFisca Foundation		AGPL-3.0	https://github.com/openfisca	OpenFisca is a Rules as Code engine: it enables collaboratively making laws and regulations computable over APIs for developers, datascientists and researchers. This allows building software to help citizens and businesses understand how laws apply to them, designing better rules and public policies, debating potential reforms, and scaling economic micro-simulation.	01,08,09,10,11,13,16,17
GID0090079	DPG	OpenFn	Open Software	South Africa	Open Function Group		LGPL-3.0,GPL-3.0	https://github.com/OpenFn/lightning	OpenFn is a workflow automation platform that's used to automate & integrate critical business processes and systems. From last-mile services to national-level reporting, it boosts efficiency & effectiveness while enabling secure, stable, scalable interoperability at all levels.	01,04,15
GID0090263	DPG	OpenG2P	Open Software	India	International Institute of Information Technology Bangalore		MPL-2.0	https://github.com/openg2p	OpenG2P is an open-source platform that enables governments and humanitarian organizations to deliver critical social benefits directly to those who need them. It facilitates the building of secure, inclusive registries and digital cash transfer systems for social protection.	01,02,03,04,05,08,10,16,17
GID0090194	DPG	OpenHexa	Open Software	Belgium	Bluesquare SA		MIT	https://github.com/BLSQ/openhexa	An open-source data integration platform for public health projects.	03
GID0090081	DPG	openIMIS	Open Software	Germany	Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ)/Swiss Agency for Development and Cooperation (SDC) as licence owner		AGPL-3.0	https://github.com/openimis	openIMIS is a versatile open source software which supports the administration of health financing and social protection schemes. It is specially designed to manage the complex, high-volume data flows which are required to operate such schemes by seamlessly integrating beneficiary, provider and payer data in a single platform.	01,03,08,09,17
GID0090896	DPG	OpenMandriva Lx	Open Software	France	OpenMandriva Association		Apache-2.0	https://github.com/OpenMandrivaSoftware	A user-friendly, free, fully open and spyware free, operating system focusing on desktop/laptop computers.	04,09,10,12
GID0090084	DPG	OpenMRS	Open Software	United States of America	OpenMRS, Inc.		MPL-2.0	https://github.com/openmrs/openmrs-core	OpenMRS is a collaborative open-source project to develop software to support the delivery of health care in developing countries. OpenMRS is founded on the principles of openness and sharing of ideas, software and strategies for deployment and use.	03
GID0090193	DPG	OpenRIMS	Open Software	United States of America	Management Sciences for Health		GPL-3.0	https://github.com/MSH/OpenRIMS	OpenRIMS is a web-based tool that helps NMRAs streamline and track medicines registration to ensure that they have the most updated medicines available and approved for prescribing and use.	03
GID0090618	DPG	OpenRIMS-PV	Open Software		Management Sciences for Health (MSH)		GPL-3.0	https://github.com/MSH/OpenPV	OpenRIMS-PV is a web-based application used by clinicians, regulatory bodies, and implementing partners to actively monitor the safety of medicines. It is part of the OpenRIMS suite (openrims.org).	03
GID0090195	DPG	OpenSPP	Open Software	Singapore	OpenSPP		LGPL-3.0	https://github.com/OpenSPP/openspp-modules	OpenSPP is an integrated and digital social protection information system that enables governments and humanitarian agencies to streamline the creation and management of assistance programs.	01,02,03,04,05,10,17
GID0090085	DPG	OpenSRP	Open Software	United States of America	Ona		Apache-2.0	https://github.com/opensrp/fhircore	Open source mobile health platform that allows frontline health workers to electronically register and track the health of their entire client population.	03
GID0090526	DPG	OpenStreetMap	Open Data	United Kingdom	OpenStreetMap Foundation LLC		ODbL-1.0	https://wiki.osmfoundation.org/wiki/How_To_Get_OpenStreetMap_Data	OpenStreetMap is an initiative to create and provide free geographic data, such as street maps, to anyone. The OpenStreetMap Foundation (OSMF) is dedicated to encouraging the growth, development, and distribution of free geospatial data and to providing geospatial data for anyone to use and share.	03,06,09,10,11,13,15
GID0090196	DPG	OpenTeleRehab	Open Software		Humanity & Inclusion		Apache-2.0	https://github.com/OpenTeleRehab/	Open Source, Multidisciplinary, Telerehabilitation Software	03
GID0090586	DPG	Orthanc	Open Software	Belgium	University Hospital of Liège, Osimis S.A., and UCLouvain university		AGPL-3.0	https://hg.orthanc-server.com/	Orthanc is a free and open-source PACS server. It is designed to improve the DICOM workflows in hospitals, and to support research and education about medical imaging. The Orthanc ecosystem also features the Stone Web viewer as an effective teleradiology environment.	03,09
GID0091018	DPG	PotLock	Open Software	United States of America	PotLuck Foundation DAO, LLC (A Marshall Island DAO LLC)		MIT	https://github.com/potlock	PotLock is the portal for public goods, non-profits, and communities to raise funds transparently through a global donor network built on blockchain.	01,08
GID0090191	DPG	PrepTime Analytics	Open Software	Ghana	Scribble Works		GPL-3.0	https://github.com/Scribble-Works/preptime-analytics	PrepTime Analytics is a form builder tool that runs data analysis on test scores and measures learning outcomes.	04
GID0090008	DPG	PreSco: Neonatal Predictive Scoring Application and Platform	Open Software	India	Avyantra Health Technologies		GPL-3.0	https://github.com/kvklrao/Avyantra2023	Helping the diagnosis of infants affected by neonatal sepsis using machine learning	03
GID0090086	DPG	Primero	Open Software	United States of America	UNICEF		AGPL-3.0	https://github.com/primeroIMS/primero	A web app for confidential case management and incident monitoring in social welfare, child protection, and gender-based violence.	05,08,16
GID0090087	DPG	PRISM	Open Software	Italy	United Nations World Food Programme		MIT	https://github.com/WFP-VAM/prism-app	PRISM is a climate risk monitoring system that integrates geospatial data on hazards such as droughts, floods, tropical storms, and earthquakes, along with information on socioeconomic vulnerability, to inform disaster risk reduction and social assistance programmes.	01,11,13
GID0090283	DPG	Product Catalog Management Tool	Open Software	United States of America	VillageReach		NPOSL-3.0	https://gitlab.com/pcmt/pcmt	The Product Catalog Management Tool aims to connect product catalogs in order to show a clear journey from manufacturer to patient. It establishes master data that includes GS1 identifiers, global categories, and mappings to local identifiers. This enables end-to-end visibility, allows shipments to flow between systems, and helps supply chains perform.	03
GID0090088	DPG	Productive Forests	Open Software	Brazil	Bioverse Labs		MIT	https://github.com/Bioverse-Labs	Satellite Imagery Processing for Machine Learning Based Image Classification. Produtive Forests creates a forest inventory to support the sustainable use of non-timber related forest products	08,12
GID0090089	DPG	Project AEDES	Open AI System	Philippines	Cirrolytix Research Services		CC-BY-SA-4.0	https://github.com/Cirrolytix/aedes_dpg	Project AEDES, by CirroLytix is a tool that correlates dengue cases and deaths with real-time data from climate, google searches, and remote sensing, to predict potential dengue hotspot locations.	03
GID0091075	DPG	QField	Open Software	Switzerland	OPENGIS.ch		GPL-2.0	https://github.com/opengisch/QField	Survey and digitize data in the field with seamless synchronization QField focuses on efficiently getting GIS fieldwork done and exchanging data between the field and the office in a comfortable and user-friendly way.	06,09,11,13,15,16
GID0091586	DPG	QGIS	Open Software	Switzerland	QGIS Association		GPL-2.0	https://github.com/qgis/QGIS	QGIS is a full-featured, user-friendly, free-and-open-source (FOSS) geographical information system (GIS) that runs on Unix platforms, Windows, and MacOS.	11,13,15
GID0091291	DPG	Quantification Analytics Tool	Open Software	United States of America	Chemonics International, Inc.		Apache-2.0	https://github.com/FASP-QAT	QAT is a modular web-based country led forecasting and supply planning product designed to enable users to easily build and compare forecast, optimize commodity procurement and delivery schedules, monitory stock status of products and share data with stakeholders.	03
GID0091320	DPG	QuarkID	Open Software	Argentina	Buenos Aires City Government		Apache-2.0	https://github.com/ssi-quarkid	QuarkID is the digital trust framework developed by the Government of the City of Buenos Aires that creates a new digital identity system and gives people control over their information, with a security anchor through blockchain.	08,09,11,16
GID0090594	DPG	Querido Diário	Open Software	Brazil	Open Knowledge Brasil (OKBR)		MIT	https://github.com/okfn-brasil/querido-diario	Querido Diário is an open-source toolkit that enables the analysis, manipulation, and centralization of official data extracted from journals published by cities. It also makes this data accessible to everyone in a single platform through a standardized visual interface and a public API.	16
GID0090090	DPG	Rahat	Open Software	Nepal	Rumsan Associates Private Limited		AGPL-3.0	https://github.com/esatya/rahat	Rahat is a collection of open-source blockchain-based digital relief distribution management projects for humanitarian agencies to support marginalized communities.	01,02,05,11
GID0090091	DPG	RapidPro	Open Software	United States of America	United Nations Children's Fund		AGPL-3.0	https://github.com/rapidpro/rapidpro	Open Source platform that allows anyone to build interactive messaging systems using an easy visual interface	03,10,16
GID0091509	DPG	Register for Organic Agriculture	Open Software	Albania	ORGANIKA Association		MIT	https://github.com/shoqata-organika/register-for-organic-agriculture	ROA is an innovative software tool designed to simplify the record-keeping process for farmers and agribusinesses, ensuring compliance with organic standards and EU Regulation 2018/848 for organic agriculture.	02,12,13,15
GID0090340	DPG	Rights Tracker	Open Content		Human Rights Measurement Initiative Charitable Trust		CC-BY-NC-4.0	https://humanrightsmeasurement.org/download-the-dataset-2/	A freely available tool robustly tracking the human rights performance of countries.	01,02,03,04,05,06,10,16
GID0091167	DPG	Rocky Linux	Open Software	United States of America	Rocky Enterprise Software Foundation		BSD-3-Clause	https://git.rockylinux.org	Rocky Linux is a community-driven, enterprise-grade, free and open source operating system compatible with established Enterprise Linux standards.	09
GID0090452	DPG	Safe YOU	Open Software	Armenia	Impact Innovations Institute LLC		AGPL-3.0	https://github.com/safeyou-space/safeyou	Safe YOU is an innovative technological solution created to reduce gender-based violence through a mobile application and multifunctional web platform which work to streamline prevention programmes and ensure safety and access to resources for all women and girls.	05
GID0090095	DPG	SanteSuite	Open Software	Canada	Santé Suite Inc.		Apache-2.0	https://github.com/santedb/santedb-server	SanteSuite (SanteIMS & SanteMPI) is an essential suite of products for national digital health infrastructure components that leverages a unique identity to facilitate data consolidation, harmonization, sharing, and building health information exchanges (e.g., OpenHIE) to establish interoperability across multiple software solutions. SanteIMS - is an immunization management system and EIR platform that supports the management of any type and scale of vaccination program including pandemic response, such as COVID-19 vaccination. SanteMPI - Master Patient Index/Client Registry (MPI/CR) platform designed to overcome barriers to leveraging person-centered data as a catalyst for transforming health systems.	03,05,09,10
GID0090099	DPG	Sentinel-2 10m Land Use/Land Cover Time Series	Open Data	United States of America	Impact Observatory		CC-BY-4.0	https://ic.imagery1.arcgis.com/arcgis/rest/services/Sentinel2_10m_LandCover/ImageServer	Sentinel-2 10m Land Cover Time Series provides public access to global land use and land cover data of the world from 2017-2022 with 10 meter resolution.	11,13,15
GID0090100	DPG	Simple	Open Software	United States of America	Resolve to Save Lives		MIT	https://github.com/simpledotorg/simple-server	Free software to manage large-scale hypertension and diabetes control programs.	03
GID0090101	DPG	Somleng	Open Software	Cambodia	Chatterbox Solutions		MIT	https://github.com/somleng	Low-cost interactive voice response system for communities with low literacy levels	03,08
GID0090675	DPG	SPICE	Open Software	United States of America	Medtronic LABS		BSD-3-Clause	https://github.com/Medtronic-LABS	SPICE is a community-based platform for data-driven population health. SPICE leverages clinical algorithms to screen, refer, and manage patients based on clinical risk, transforming care delivery from reactive to proactive while linking community-based work bi-directionally with health facilities and health systems	03,10,17
GID0090142	DPG	StoryWeaver	Open Content	India	Pratham Books		CC-BY-4.0	https://storyweaver.org.in/stories	StoryWeaver is a digital platform that addresses the global book gap by providing open & free access to quality children's storybooks in multiple languages. Available in multiple formats, the books overcome the issue of digital access and can be read online & offline.	04
